DETAILED ACTION

Election/Restrictions

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:
 - I. Claims 1-6, 10-12 drawn to display priority of progress indicator, classified in class 345, subclass 772.
 - II. Claims 7-9, drawn to the enlarging/reducing of display object, classified in class 345, subclass 800.

The inventions are distinct, each from the other because of the following reasons:

Inventions of group I and II are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different modes of operation, different functions, or different effects (MPEP § 806.04, MPEP § 808.01). In the instant case the display priority of progress indicator have different mode of operation, different function, and different effect to the enlarging/reducing of display objects.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, divergent subject matter, and a search required for group I is not required for group II restriction for examination purposes as indicated is proper.

A telephone call was made to Mr. R. Eugene Varndell on 5/13/04 to request an oral election to the above restriction requirement, but did not result in an election being made.

Art Unit: 2173

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

2. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Ba Huynh whose telephone number is (703) 305-9794. The examiner can normally be reached on Mon - Fri.
